Objectives

Triton

TRitON aims to attract crypto users to the Tournament on a specific network. It contains 4 crypto questions in the Limited version and more than 1000 in the Premium version, mostly from TRON, BTTC, Tronlink, Tron DAO Forum, hackerearth, which are updated again every 3-week tournament.

The goal & value

Triton has a goal to increase the general culture of users in the crypto space and, in doing so, enter users into a kind of tournament. Built on BTTC, Triton aims to attract different users to this mainnet network and create continuity for them

+1000

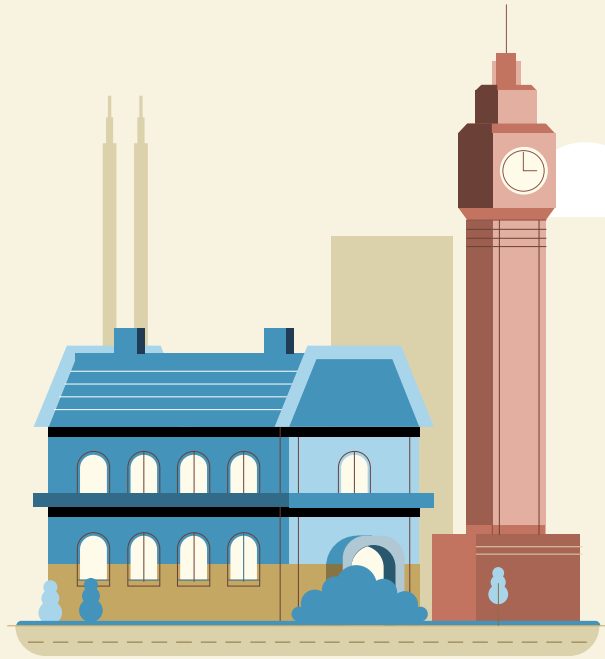

Updated questions

3 weeks

Tournaments

50%

Of the BTT pool on BTTC
